

## The Department of Education Presents: *A NEW CURRICULUM*

Welcome to the updated, innovative, course curriculum for the new year! Encompassing Body, Mind and Spirit, these classes will impress, inform, and inspire. Read on and be ready to “go to class!”

Eighteen classes are now condensed to fifteen classes.

Disciplines are now named Modules A, B, and C. Each Module contains five separate classes.

Graduation certificates will reflect Module names at our 2013 graduation.

Students must take 3 classes from one Module **to graduate with a certificate in that Module’s name.**

If a student has taken one previous class in any Discipline, she can take a comparative class in a new Module which reflects new class title that matches the previous class taken.

*Example: 2012 took PD101 Wholistic Wellness, 2013 takes any class in Module A.*

If a student has taken two previous classes in a Discipline, she can take a class in the Module that best reflects the previous Discipline and graduate in that Module.

Students must take nine classes (any 3 in each Module) and graduate to receive an Alumnae Stole.

First time attendees may choose any new class.

### **Alumnae may take a class in any Module but:**

1. Must complete any three classes IN ANY Module that you have not taken before to receive an Alumnae Medallion.

### ***GRADUATION REQUIREMENTS for 2013***

**Attendance records are updated every year and will be checked when graduation candidates’ names are submitted to the Dean’s office.**

**Graduation candidates must come to Convention prepared to graduate in proper attire: white dress, white robe and white shoes with limited jewelry.**

*If you took this class last year-----then chose this class this year.*

*If you were planning to take this class this year-----then take this class instead.*
